Second Floor, Zakir Plaza, Opposite WTC GIGA Mall  
Main G.T. Road Near D.H.A Phase II, Islamabad.

www.youtube.com/@archentire

An aerial night-time rendering of a modern, multi-story skyscraper. The building is illuminated from within, showing a grid of windows and balconies. On the rooftop, there is a helipad with a 'H' logo, a swimming pool, a tennis court, and a lounge area. The building is surrounded by other modern buildings, a road with cars, and green spaces. The text 'GIVE YOUR DREAMS; THE SHAPE OF A LUXURIOUS ARCHITECTURAL MARVEL' is overlaid in white, bold, sans-serif font on the left side of the image.

GIVE YOUR DREAMS;  
THE SHAPE OF A

# archentire<sup>®</sup>

archentire works in forward-looking environments developing futuristic architecture based on an existing contemporary nature. All of archentire's work - from residential components and hospitalities to cultural centers - is to provide a sense of orientation towards man, nature and creativity. Founded in 2010 by Kamal Sinan, the office started its new shape in late 2013 by creating a new type of architectural practice, an interpretation of Art to Architecture and Architecture to Art.

archentire's ongoing projects include The Aquatic Mall, opposite WTC, on the main G.T road in Islamabad, a mixed-used development in the heart of Karachi, a residential development in Wah and Islamabad, some interior design projects in Islamabad as well as running several competitions alongside. Internationally, archentire is designing two medium size hotels, a resort in Ajman, U.A.E. and some villa projects in the Middle East. Additionally, archentire has several experimental projects underway ranging from conceptual design to construction phases around the world.

archentire's aim for 2023 is to develop ties with the local communities and execute all years of learning and expertise for the benefit of our country. We not only build ideas, but also help build relationships amongst different expertise to provide a complete design package to our clients.

archentire is legally registered in Islamabad and has more branches in Karachi, Riyadh, Qatar and Dubai.

# OUR VALUES

Exploring our clients' goals, priorities, lifestyle and tastes. Offering a complete and integrated package to our clients. We are professionals and problem solvers. We combine expertise across disciplines, locations and sectors. Committed to delivering high quality projects and innovative design solutions.

# OUR MISSION

With every successful project, archentire is poised to dominate the international stage in its pursuit of redefining sustainable, distinct luxury living standards on a global scale.

# Principal Architect

It is with great pleasure that I welcome you to archentire. Our goal is to build strong partnerships based on trust, ensuring safety, reliability & efficiency with customer focused mindset and finding innovative ways to provide great value to fulfill your needs. We have a clear vision of what we want to be - Leader in Construction Industry. Our progressive thinking and creative approach are what makes us stand out from the crowd. We are proud of the work we do under Sinan Group and the subsidiaries, with a perfect safety record, rigorous management and constant search for improvement of performance.

## Kamaal Sinaan

Principal Architect | C.E.O

# Lead Architect

We are an ideas-driven design firm with an empathetic process. Our work is rooted in research, making and the belief that all voices should be heard. We help clients pursue health, community, and a zero-carbon future. We design buildings and experiences that disrupt the status quo, create joy and realize the future. Explore our recent work and ideas. We are fundamentally committed to sustainable design, both as a matter of energy efficiency and as a concern for the overall wellness of our clients and those who spend time in and around our buildings. Design excellence and environmental sustainability, we believe, are interconnected elements of any project we undertake.

## M. Hammad Bhatti

Lead Architect

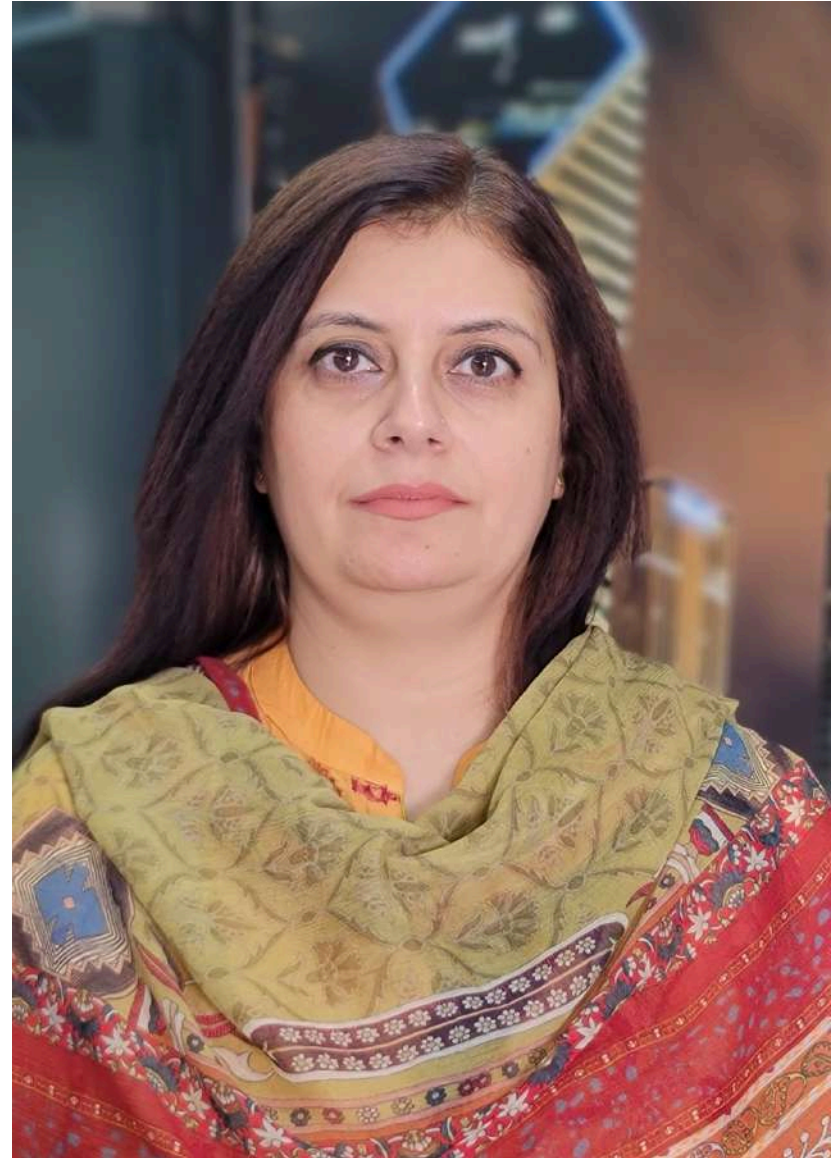

## Design Coordinator

Architect Aisha Ali, our Design Coordinator, brings a keen, human-centered approach to each project, merging creativity with a commitment to meaningful, lasting impact. Guided by a deep understanding of design's role in wellness, community, and environmental balance, she helps lead our journey toward sustainable, energy-efficient solutions. Her work with our team shapes spaces that not only serve functional needs but inspire joy and connection. At every stage, she ensures that each voice is valued, and every detail resonates with our vision for design excellence and environmental stewardship.

**Ar. Aisha Ali**

Architect - Design Coordinator
